FISCAL ANALYSIS

ASSUMPTION

Officials from the **University of Missouri System**, **Central Missouri State University**, the **Department of Public Safety**, and the **Department of Social Services-Division of Family Services** assume there will be no fiscal impact on their agencies resulting from this proposal.

Officials from the **Department of Elementary and Secondary Education (DESE)** state this proposal will have no fiscal impact on DESE or on school districts.

According to officials from the **Department of Health and Senior Services (DOHSS)**, this proposal would not create a fiscal impact for their agency. Corporate officers of nonprofit corporations and members of governing boards of charter schools are not required to register with the Family Care Registry. Therefore, a background screening could not be obtained from the Registry. In addition, if the background screening is required to be based upon fingerprints, not the name-based search available from the Family Care Safety Registry, the Registry could not provide the information.
